

ISRAEL EMERGENCY FUND

Since October 7, Sid Jacobson JCC's Allocation Committee has played a pivotal role in vetting and approving requests received through diverse sources. As the home of Long Islands' only Center for Israel, we are uniquely positioned to receive targeted requests from Israelis on the ground and our Schlichim, both past and present, regarding the needs there and here on Long Island. Our commitment is to guarantee that every dollar contributed has a direct and meaningful impact. The information provided below covers activity through July 10, 2024. We will continue to update as disbursements are completed.
